

Year Number 3!

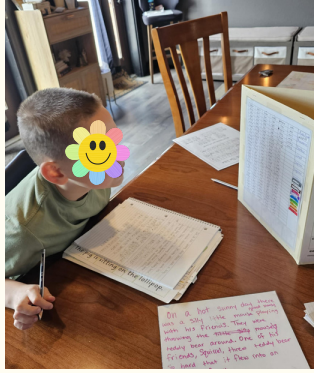

In Ione, we had a fall Science Experiments Class, winter Art History Class, and spring Human Body Class to finish out the year!

Learning Today, Leading Tomorrow

Tutoring students this year ranged from kindergarten aged up to 6th grade, and covered a variety of literacy and math concepts. Over the course of the 2024/2025 school year we were able to serve 12 students in individualized tutoring sessions at both our Newport and Lone locations.

MORE EXPANSION!

As God continues growing and providing, we continue seeking ways to best serve both our lone and Newport communities.

In April, we applied for a grant through the Kalispel Tribe of Indians in hopes of opening a second Early Learners class in Lone (which would accompany our continuing K-5th grade content class). With extreme generosity the Kalispel Tribe approved our full request, enabling us to host a full year Early Learners class starting September 2025!

LOOKING AHEAD :

We are looking forward to a summer of field trips, fundraising, and lots of planning for the fall!

AS ALWAYS, WE ARE CONTINUALLY THANKFUL FOR ALL THOSE WHO HAVE AND CONTINUE TO SUPPORT OUR MISSION TO SERVE KIDS! THIS TRULY WOULD NOT BE SUSTAINABLE WITHOUT THE GENEROSITY OF SUCH FAITHFUL FRIENDS, FAMILY, AND COMMUNITY MEMBERS.
